

Specifications

Application Type

Application	Car wrap
Interior or Exterior use	Interior Exterior

Adhesive & Liner

Adhesive Composition	Solvent-based acrylic
Adhesive colour	Grey Clear
Adhesive Strength	15N/25mm
Adhesive Type	Pressure Activated
Adhesive Technology	3M Comply™ 3M Controltac™
Removability	Permanent Repositionable

Temperature Resistance

Minimal Temperature Resistance	-53°C
Maximal Temperature Resistance	107°C

Application Specifications

Curve Format	Curved surfaces Flat surfaces Corrugated surfaces Slightly curved surface Rivets
--------------	--

Dimensions

Thickness	90µ
-----------	-----

Product Storage

Shelf Life	3 years
Storage & Transport conditions	+4°C to +38°C out of sunlight

Application Temperature

Minimum Application temperature	32°C
Maximum Application temperature	16°C

Durability

Durability (range) Up to 8 years
