

Glossy overlamine

3M™ Scotchcal™ Gloss Overlamine 8518 is a 50 micron conformable cast film that provides additional ultraviolet and durable physical protection for selected graphic constructions.

This highly conformable overlamine provides a wet paint look that reflects sunlight brilliantly and resists fuel vapors, making it a top choice for a variety of graphic types, including car and boat wraps.

Can be hot or cold roll laminated.

Suitable for use in signage and vehicle graphics.
