

# JT 8300 CG-RT Dot

Clear gloss PVC 120 µm with removable dotted adhesive. JT 8300 CG-RT Dot is even easier to handle than products with a air egress allowing employees of commercial spaces to easily achieve the application of promotional graphics

There is no need to be an expert to apply and remove graphics in no-time, thanks to the JT 8300 Dot Series!

The special dotted adhesive allows users to achieve a very professional result thanks to the products' excellent transparency and printability on all technologies. Designed for employees of commercial spaces struggling with the application of promotional graphics, JT 8300 Dot Series is even easier to handle than products with a air egress.

Create impactful designs while reducing the costs related to professional applicators for short-term decorations in commercial spaces and exhibitions.
