

## Description

---

### Banana Buffers

- Banana Buffers are pre-cut felt buffers that are ideal for wet graphics installations, PPF, chrome, windows, and tint.
- These durable buffers have a low friction surface that allows the squeegee to glide across the film and reduce common scratches.
- Made to fit standard 4in squeegees. 1 1/8" x 4" Long
- Can be easily replaced with a clean new buffer at any time.
- Can be purchased individually or in a pack of 10
