CERTIFICATE OF COMPLIANCE

CERTIFICATE NUMBER: 140802-E 227787

ISSUE DATE: August 14, 2002

Page 1 of 1

Issued to: Pt Astari Niagara Internasional
Jl. Raya Serang KM 9 No. 45, KEC Curug
Tangerang 15810, Indonesia

Report Reference: E227787, June 27, 2002

This is to Certify that representative samples of: Plastics - Component, Acrylic Material Grade Cell Cast Acrylic Sheet, with HB Flammability Rating in 1.5mm minimum thickness, clear color, furnished and shipped in the form of sheet.

Have been investigated by Underwriters Laboratories Inc.® in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety: UL 94, Test for Flammability of Plastic Materials for Parts in Devices and Appliances.

UL 746A, Polymeric Materials - Short Term Property Evaluations.

Additional Information: This material has been evaluated for flammability in accordance with UL 94. UL 94 small-scale test data does not pertain to building materials furnishings and related contents. UL 94 small-scale test data is intended solely for determining the flammability of plastic materials use in the components and parts for end-product devices and appliances. The flammability classification with consideration to color and thickness should comply with the flammability level acceptable for the applicable UL end-products standard or requirements outlined in the Standard for Polymeric Materials - Use in Electrical Equipment Evaluations, per UL 746C.

Only those products bearing the UL Recognized Component Marking should be considered as being covered by UL's Recognition and Follow-Up Service.

The UL Recognized Component Marking generally consists of the manufacturer's identification and catalog number, model number, or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark  may be used in conjunction with the required Recognized Markings. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.
